Saturn, General Purpose Propeller

When you look for a durable and better efficiency propeller to replace your aluminum propeller, the Saturn series propeller is an ideal choice. Also with its moderate blade area design, this series is very suitable for under-powered boats.

Solas Titan HR3 Propellers

Fits: BF75/90, BF115/130

New 3 blade propeller series for mid-size engines.

Larger diameter and high-rake design maximizes performance on heavy hulls and smaller pontoon boats with mid-size engines. Incorporates a large diameter to push heavy loads and high-rake design to provide high performance on sport and fishing boats.

HR Titan 4, Excellent Cruising Performance

In addition to its high rake and large cup design, this 4 blade design can deliver not only a very powerful thrust, but also a smooth operation characteristic. This propeller series offers excellent cruising performance and maneuvering capability, and is ideal for offshore applications.

MARINE

OFS 4 Blade

Optimum handling characteristics are provided by the combination of large 15.25 inch diameter and four blades. This prop provides rapid acceleration, lower planing speeds, sharper cornering without ventilation and better handling in rough or following seas.

Propeller includes the correct Honda/Power Tech thrust washer in the box.

OFX 4 Blade

Maximum bowlift is provided by the full 15.25 inch diameter in a narrowed blade profile with double cupped tip. Excellent performance with a jackplate or high transom mount. This prop provides great handling on bass and bay boats. May also be used on offshore applications where maximum bow lift is required.
