

06413-ZV5-810AH

Stainless Steel Mounting Bolt Kit

½ x 13 UNC American thread. 3½ inches long with 1½ inch thread length.

06413-ZV5-000

Stainless Steel Metric Mounting Bolt Kit

Dacro coated for added corrosion protection. 12mm x 1.5 p metric thread. 4 inches long with 2 inch thread length.

06413-ZV5-042AH

Stainless Steel Mounting Bolt Kit

Use of naval bronze nuts makes disassembly easier. Will not corrode or seize to bolt. ½ x 13 UNC American thread. 4 inches long with 2 inch thread length.

06413-ZV7-000

Stainless Steel Mounting Bolt Kit—Fits BF25/30, BF8D-BF20D

Dacro coated for added corrosion protection. 10mm x 1.25 p metric thread. 4 inches long with 2 inch thread length.

06413-ZV5-004AH

Stainless Steel Mounting Bolts (4 each)

½ x 13 UNC American thread. 4 inches long with 2 inch thread length.

06413-ZY3-910AH

Stainless Steel Mounting Bolt Kit

½ x 13 UNC American thread. 4¾ inches long with 2½ inch thread length.

Naval Bronze Nuts
(4 each)

½ x 13 UNC American thread.

41106-935-812

**External Anode Metal
BF2-BF15A**

Mounts on anti-ventilation plate.
Sacrificial anode metal protects
the engine from corrosion.

41106-ZW9-000

**External Anode Metal
BF8D/9.9D, BF15D/20D**

Mounts on each side of extension
case. Two required for each engine.
Sacrificial anode metal protects the
engine from corrosion.

12155-ZV4-A00

**Internal Anode Metal
BF9.9/15A, BF8D/9.9D,
BF15D/20D**

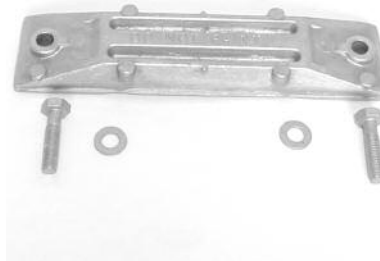

Internal sacrificial anode metal
protects the engine from corrosion.

06412-ZV5-000

**Trim Tab Kit
BF25-BF50**

Sacrificial anode metal protects the
engine from corrosion.

06411-ZV5-000

**Stern Bracket Anode Kit
BF35-BF50**

Mounts on bottom of stern bracket.
Sacrificial anode metal protects the
engine from corrosion.

Sacrificial Anode Metals

HONDA
MARINE

12155-ZV5-000

**Internal Anode Metal
BF35-BF225**

Two each per engine. Located inside the water passages on both intake and exhaust side. Sacrificial anode metal protects the engine from corrosion.

41109-ZW1-003

**External Anode Metal
BF75-BF90 AW, AT**

Mounts on each side of extension case. Two required for each engine. Sacrificial anode metal protects the engine from corrosion.

06411-ZW1-020

**Stern Bracket Anode Kit
BF75-BF225**

Mounts on bottom of stern bracket. Sacrificial anode metal protects the engine from corrosion.

41109-ZW1-B00

**External Anode Metal
BF75-BF225 AX and later**

Mounts on each side of extension case. Two required for each engine. Sacrificial anode metal protects the engine from corrosion.
