

Discover cruiser comfort and style

The fully-featured VX Cruiser is specially geared for long-range performance cruising in ultimate comfort.

While a luxurious cruiser seat and ergonomic seating position keep both rider and passengers comfortable, outstanding performance, fuel economy and superb handling combine to ensure that long distance riding is always a pleasure.

It's the practical added extras – luxuries like convex dual mirrors, Reverse and Yamaha's remote security system with "L" mode (low-RPM) – that give the VX Cruiser a touch of class. While a newly-designed metallic deck and a sleek black hull make it one of the best-looking watercraft on the water.

- 1052cc, 4-cylinder, 4-stroke, DOHC engine
- Semi-V multi chine hull
- Contoured cruiser seat for maximum comfort
- Remote security and low-RPM mode
- Yamaha Engine Management System (Y.E.M.S.)®
- Re-boarding step for easier boarding
- Hyper-Flow jet pump
- Yamaha Sound Suppression System (Y.S.S.S.)®
- Convex dual mirrors
- Glovebox and water-resistant storage facilities
- Multifunction digital meter
- Reverse

A WaveRunner for all to enjoy

True affordability in 4-stroke watercraft – that's what Yamaha's engineers have achieved with the design of the VX series. And, in doing so, they have attracted an entirely new generation of enthusiasts to the water.

Featuring the most fuel efficient engines in the industry, agile handling and great practical features, the VX series is just as suited to active watersports as it is to relaxing on the water. Add to that all the comforts you'd expect from a luxury watercraft like the VX Cruiser and you have the full package.

That's why the VX is the number one choice among rental operators worldwide.

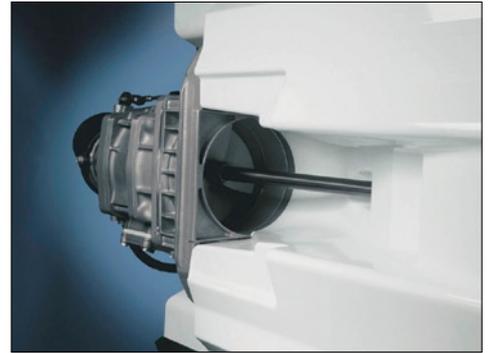

1052cc, 4-cylinder, 4-stroke, DOHC engine

VX models are powered by a compact, ultra-lightweight, liquid-cooled four-cylinder, 20-valve engine – delivering 1052cc, with a DOHC – for class-leading performance. Electronic Fuel Injection (EFI) delivers smooth, high power output, with low fuel consumption and low exhaust emissions as standard.

Semi-V multi chine hull

A semi-V multi chine hull allows the VX Cruiser to offer the full package: neutral handling, movement stability, and comfort. With a round keel, optimum balance and grip is provided during cornering. And overall, the shape of the VX Cruiser is designed for one thing: agility on the water.

Hyper-Flow high-pressure jet pump

Unique technology lies behind the legendary WaveRunner reputation for exhilarating handling and exciting performance. Outstanding bite and acceleration are possible through the combination of a high-flow intake, a Thrust Directional Enhancer and a stainless steel impeller – with ruthlessly precise tolerances within the impeller housing.

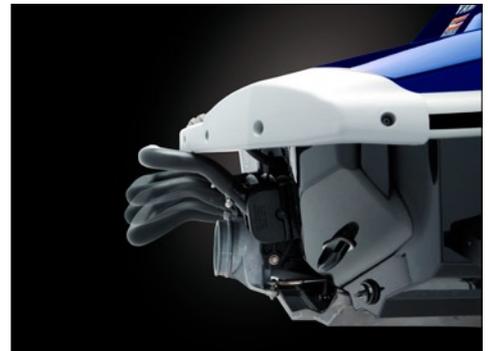

A seat made for cruising

Whether turning or accelerating, the VX Cruiser's ergonomic seat is the perfect fit. No matter the distance travelled, both rider and passenger travel in comfort and ease.

Glovebox with dual cup holder

While the large capacity glovebox is handy for storing essential items, it also features a convenient dual cup holder. You and your passenger can enjoy your ride with refreshments close-to-hand.

Hydro-Turf® mats and re-boarding step

The VX Cruiser welcomes you aboard with wide, slip resistant Hydro-Turf® mats. After you've been wakeboarding, skiing or swimming, a convenient re-boarding step makes it even easier to get in and out of the water.

Engine	
Engine type	4-cylinder, 4-stroke, DOHC, 5-valve
Supercharger	-
Displacement	1,052cc
Bore x stroke	76 mm x 58 mm

The Yamaha Chain of Quality

Yamaha technicians are fully trained and equipped to offer the best service and advice for your Yamaha product. For this reason, Yamaha strongly recommends visiting an official Yamaha dealer for all your service requirements. Yamaha Marine Parts & Accessories are especially developed, designed and tested for our Yamaha product range. Yamaha also recommends the use of Yamalube®. Yamalube® is our own range of high-tech lubricants, the lifeblood of Yamaha engines. They are developed to carry on working effectively, no matter where you drive.

Besides functional and style accessories, Yamaha offers a range of high quality, innovative boating gear. An extensive range of casual wear is also available. For more information go to:

www.yamaha-motor-acc.com

All information in this brochure is given for general guidance only and is subject to change without prior notice. We should all exercise POWER WITH RESPONSIBILITY and help preserve the great sporting opportunities and enjoyment we all derive from our involvement with personal watercraft. You must recognise too, that your Yamaha WaveRunner is actually a boat, so please learn and follow all the rules of the sea and waterways, take professional instruction where possible, and obey local rules and regulations, which may differ greatly from area to area. The photographs featured show boats being driven by professionals and no recommendation or guidance in respect of safe operation or style of use is intended or implied by the publication of any of these images. Read all instruction materials carefully before setting out and ALWAYS wear recommended protective clothing and a life preserver or lifejacket when boating. NEVER DRINK AND RIDE.
