

Adventures begin here

Sometimes, simplicity is beautiful. With enough room for three people, a stylish metallic deck and black hull and an ergonomic riding position, the VX Sport offers more than enough to tempt anyone into the water for the first time.

High performance and fuel economy combine with Yamaha's legendary reliability in the shape of the clean and quiet, Fuel-Injected 4-stroke VX engine. And while the VX hull offers responsive handling, its ride comfort and turnkey reliability are, of course, also assured.

For an entry-level WaveRunner, the VX is also packed full of added extras, including convex dual mirrors. For your first adventures on the water, put your trust in the VX Sport.

- Water-cooled, 4-cylinder, 1052cc, DOHC, 20-valve
- Multi chine VX hull
- Extended rear platform
- Convex dual mirrors
- Ideal for wakeboarding and other watersports
- Yamaha Engine Management System (Y.E.M.S.)[®]
- Yamaha Sound Suppression System (Y.S.S.S.)[®]
- Multifunction digital meter
- Hyper-Flow, high pressure jet pump
- Hydro-Turf[®] mats
- Automatic bilge system
- Yamaha's Visibility Spout[®]

A WaveRunner for all to enjoy

True affordability in 4-stroke watercraft – that's what Yamaha's engineers have achieved with the design of the VX series. And, in doing so, they have attracted an entirely new generation of enthusiasts to the water.

Featuring the most fuel efficient engines in the industry, agile handling and a range of great practical features, VX series craft are just as suited to active watersports as they are to relaxing on the water.

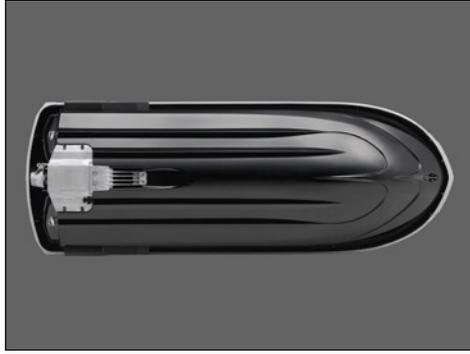

Beneath simple and clean lines, the entry-level VX Sport is packed with advanced, efficient technology – making it the ideal choice for riders who want to spend less on fuel and more time having fun.

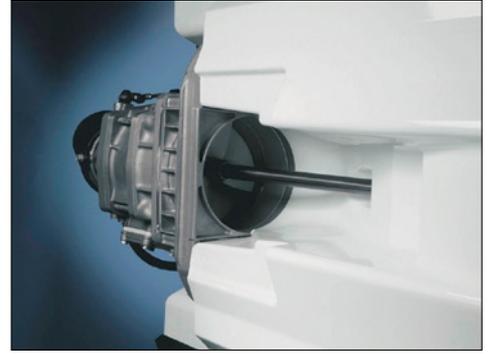

High-power DOHC sports engine

The VX Sport is powered by an ultra-lightweight, water-cooled, 4-cylinder, 1052cc, DOHC, 20-valve engine. Electronic Fuel Injection (EFI) helps make it the most fuel efficient engine in the industry, delivering smooth, high-power output with low fuel consumption and exhaust emissions. The large 60 litre fuel tank lets you ride for longer.

Multi chine VX hull

An easy handling, stylishly sleek black hull is one of the reasons that VX watercraft are so popular. The semi-V shape delivers responsive handling and neutral turning performance, but also remarkable stability and comfort – qualities you might not expect from a three-seater craft – even in challenging, changeable water. Feel it to believe it.

High-pressure pump

Unique technology lies behind the legendary WaveRunner reputation for exhilarating handling and exciting performance. Outstanding bite and acceleration are possible because of features such as a high-flow intake, a Thrust Directional Enhancer and a stainless steel impeller. Ruthlessly precise tolerances within the impeller housing play their part too.

Welcome aboard – extended rear platform

Every VX model welcomes you aboard with comfortable, slip resistant Hydro-Turf[®] mats. After you've been wakeboarding, skiing or swimming with friends, ease of re-boarding is aided by the Extended Rear Platform.

Just pack up and go

Generously sized storage facilities offer a great deal of useful space for personal items. With 57 litres of storage available in total, the bow locker and glovebox are perfect for those items that are essential to your adventure.

Convex dual mirrors

Convex dual mirrors come as standard on the entry level VX Sport. Convex mirrors help you to keep an eye on what's behind you and are also incredibly handy for watersports, such as towing a wakeboarder.

Engine	
Engine type	4-cylinder, 4-stroke, DOHC, 5-valve
Supercharger	-
Displacement	1,052cc
Bore x stroke	76 mm x 58 mm
Compression ratio	11.4 : 1
Cooling system	Water-cooled
Pump Type	155 mm Axial Flow
Fuel	Unleaded Regular Gasoline
Fuel supply system	Electronic Fuel Injection
Fuel capacity	60 litres
Lubrication system	Dry sump
Oil capacity	4.3 litres
Dimensions	
Length	3.22 m
Width	1.17 m
Height	1.16 m
Dry weight	334 kg
Features	
Storage Capacity	57 litres
Rider capacity	1-3 person

The Yamaha Chain of Quality

Yamaha technicians are fully trained and equipped to offer the best service and advice for your Yamaha product. For this reason, Yamaha strongly recommends visiting an official Yamaha dealer for all your service requirements. Yamaha Marine Parts & Accessories are especially developed, designed and tested for our Yamaha product range. Yamaha also recommends the use of Yamalube[®]. Yamalube[®] is our own range of high-tech lubricants, the lifeblood of Yamaha engines. They are developed to carry on working effectively, no matter where you drive. Besides functional and style accessories, Yamaha offers a range of high quality, innovative boating gear. An extensive range of casual wear is also available. For more information go to: www.yamaha-motor-acc.com

All information in this brochure is given for general guidance only and is subject to change without prior notice. We should all exercise POWER WITH RESPONSIBILITY and help preserve the great sporting opportunities and enjoyment we all derive from our involvement with personal watercraft. You must recognise too, that your Yamaha WaveRunner is actually a boat, so please learn and follow all the rules of the sea and waterways, take professional instruction where possible, and obey local rules and regulations, which may differ greatly from area to area. The photographs featured show boats being driven by professionals and no recommendation or guidance in respect of safe operation or style of use is intended or implied by the publication of any of these images. Read all instruction materials carefully before setting out and ALWAYS wear recommended protective clothing and a life preserver or lifejacket when boating. NEVER DRINK AND RIDE.
